SUBJECT INDEX

Adetognathus inflexus: new species, conodont (31)
Aesiocrinus? inflatus: new species, crinoid (138)
Aesopomum prongsi: new species, brachiopod (67)
Africa, South West: starfish, Permian (65)
Agelacrinities hybolopus: new species, edrioasteroid (39)
Alabama: planktonic foraminifers, Paleocene (92)
Alaska: tentaculids, Devonian (18)
Alberta: hexactinellid sponges, Devonian (102); stromatoporoid, Devonian (9)
Algae: Ordovician in Silurian deposits, Newfoundland (52)
Ambalodus anapetus: new species, conodont (97)
Ammonites: Jurassic, Antarctica (98); literature, Mesozoic (49)
Ammonitina: Peru, Cretaceous (100)
Ammonoid: Pennsylvanian, Texas (88); Permian, Canada (87); Permian, Mexico (123)
Amphibian: *Palaeosiren beinerti*, based on inorganic structure (34)
Anatrypa (Variatrypa) licta: new species, brachiopod (59)
Ancyrochitina aequoris: new species, chitinozoan (131)
Anemone burrows: Recent, North Carolina (41)
Angochitina callawayensis: new species, chitinozoan (131)
Angochitina sinica: new species, chitinozoan (28)
Animal extinctions: oxygen consumption, atmospheric history (77)
Anisopyge sevilloidia: new species, trilobite (16)
Antarctica: ammonites, Jurassic (98)
Aphelognathus siluricus: new species, conodont (97)
Arakespongia mega: new hexactinellid sponge from Morrowan Wapanuka Limestone, Oklahoma (103)
Araxoceratidae: Permian ammonoids, Mexico (123)
Archimedes kentuckiensis: new species, bryozoa (23)
Arctomyalina vokesi: new genus and species, bivalve (71)
Arizona: new conifer, Triassic (2); new genus, dinosaur (140)
Astrocystites: re-evaluation, Edrioblastoidea (82)
Atmospheric history: animal extinction, oxygen consumption (77)
Atrypa reticularis inversa: new subspecies, brachiopod (113)
Atrypina talenti: new species, brachiopod (113)
Australia: brachiopod, Permian (21); Precambrian, micro-organisms, electron microscopy (115); trilobites, Ordovician (137)
Batostoma? cornula: intrazooecial spines, Ordovician (27)
Bibliography: Fusulinidae (112)
Bighorn Formation: correlation, brachiopods (81)
Biomere: Cambrian Ptychaspid, Texas (73)
Biostratigraphy: Devonian, New South Wales (96); foraminiferal, Paleocene (91)
Biscutum kennedyi: new name, coccolith (15)
Bison occidentalis: skull, Randall County, Texas (117)
Blastoids: Carboniferous, southwestern United States (138)
Bolivinoides cyrenaicus: new species, foraminifer (4)
Bolivinoides sirticus: new species, foraminifer (4)
Brachiopods: *Clintonella* redescribed, Silurian (11); *Crurithyris subfissa*, new specific name (61); Devonian, Nevada (59); Devonian, New South Wales (113); Ordovician, Wyoming (81); Paleozoic, Gondwana (136); Permian, Australia (21); Permian, Guatemala (125); ptychopleurellid, Ordovician (12); Recent, western Pacific (25); Silurian, Canada (67); Silurian, Ohio and Kentucky (44); Silurian, Nevada (60)
Brachiospongia tuberculata: redescription, sponge (104)
Braincase: *Labidosaurikos*, Permian (80)
British Columbia: cephalopods and fusulinids, Permian (106)
Bryozoa: biometric procedures, Paleozoic (1); Ectoprocta, Ordovician, New York (107); Mississippian, Kentucky (23); Ordovician, Illinois (27); Ordovician, *Stictoporellina* (62); Paleozoic, Japan and Thai-Malayan Districts (110); Pennsylvanian, Nebraska (57)
California: Goler Formation, Paleocene, *Tetraclaenodon puercensis* (142); paleoenvironments, Pliocene (124)
Calvinella prethoparia: new species, trilobite (73)
Cambrian: trilobites, Texas (73)

Campages nitida: new species, brachiopod (25)
Campages philippinensis: new species, brachiopod (25)
Canada: ammonoids, Permian (87); brachiopods, Silurian (67); fish, Permian (89); rugose coral, Middle Devonian (58); new bivalve, late Paleozoic (71); sponge, Permian (105); stromatoporoids, Devonian (36)
Carboniferous: conodonts, western United States (31)
Cephalopods: *Nautilus* shells, Bay of Bengal (128); Permian, British Columbia (106); nautiloids, Conemaugh, Ohio and Pennsylvania (86)
Chalcidophyllum gigas: new species, coral (96)
Chalcidophyllum vesper: new species, coral (96)
Chalamys menthifontis: new pectinid bivalve species (45)
Champlainopora: new genus, bryozoa (107)
China: chitinozoan, Silurian (28)
Chitinozoa: Devonian, Missouri (131); Silurian-Devonian, China (28)
Chordata: ancestry and the stem-tail problem (33)
Clintonella: brachiopod redescribed, Silurian (11)
Colorado: fish fauna, Triassic (114)
Composita hapsida: new species, brachiopod (125)
Conaspis leptoholcis: new species, trilobite (73)
Conifer: Triassic, Arizona (2)
Conodonts: Carboniferous, western United States (31); Devonian, New South Wales (96); method for finding (116); Pennsylvanian, Missouri (130); phylogeny of platform group (31); polygnathid, Devonian (56); Silurian (97); Triassic (84)
Constantina pulchra: new genus and species, trilobite (19)
Coral: Devonian, Illinois and Missouri (40); redescription, holotype, Devonian (58); rugose, redescription of *Syringaxon siluriense* (McCoy) (126)
Cretaceous: Ammonitina, Peru (100); *Bolivinoides*, Libya (4)
Crinoids: Carboniferous, southwestern United States (138)
Crurithyris subfissa: new specific name, brachiopod (61)
Cryptatrypa fahraeusi: new species, brachiopod (67)
Cryptothyrella bisulcata: new species, brachiopod (44)
Cytheridella ometepensis: generic reassignment from *Metacypris*, ostracod (127)
Data retrieval: Paleontologic, description and use, Museum Paleontology, Berkeley (8)
Devonian: biostratigraphy, New South Wales (96); brachiopods, Nevada (59); brachiopods, New South Wales (113); carbonate fossil communities, New York (135); chitinozoans, Missouri (131); coral, Illinois and Missouri (40); hexactinellid sponge, Alberta (102); new trilobite, Pennsylvania (19); polygnathid conodonts (56); tentaculids, Alaska (18); redescription of rugose coral (58); stromatoporoid, Alberta (9); stromatoporoids, Canada (36)
Dicricoconus dutroi: new species, tentaculid (18)
Dicricoconus triannulatus: new species, tentaculid (18)
Dictyospongia sp.: sponge, middle Atoka Formation (103)
Dilophosaurus: new genus, dinosaur (140)
Dinosaur: new genus, Jurassic, Arizona (140); hadrosaurian, posture (43)
Dobrodgeiceras: Cretaceous Ammonitina, Peru (100)
Domatoceras gardi: new species, nautiloid (86)
Drumaspidinae: new subfamily, trilobites (73)
Dubaria megaeroides: new species, brachiopod (60)
Echinauris huehuetenanguensis: new species, brachiopod (125)
Echinoderms: Carboniferous, southwestern United States (138); relation to chordates (33)
Echinoids: lantern supports (64)
Encrinuraspis optimus; new genus and species, trilobite (137)
Edrioblastoidea: Ordovician, Ontario (82)
Edrioasteroid: Pennsylvanian, Illinois (39)
Electron microscopy: graptolites, Ordovician (6); micro-organisms, Precambrian, Australia (115)
Ellesmerespongia feildeni: new genus and new species, sponge (105)
Embolophyllum etheridgei: new species, coral (96)
Embolophyllum harperi: new species, coral (96)
Endeolocrinus solus: new species, crinoid (138)
England: Redescription of rugose coral, *Syringaxon siluriense* (McCoy) (126)
Environment: marine lebensspuren, North Carolina (42)
Eoaraxoceras ruzhencevi: new genus and species, cephalopod (123)
Eocene: catfish, Wyoming (75); life orientation in bryozoan-coral associations (46); mammalian faunas, Wyoming (141); nematode trails, Utah (85); ophiuroid, Oregon (10)
Epigondolella multidentata: new species, conodont (84)
Epigondolella primitia: new species, conodont (84)
Equus (*Plesippus*) *simplicidens* Cope: range of variation (55)
"Eumys" exiguus: Oligocene cricetid, characters reviewed (29)
Euptychaspis frontalis: new species, trilobite (73)
Evolution: conodonts, Triassic (84); planktonic Foraminifera, Paleocene (92); *Neochonetes granulifer* (Owen), multivariate analysis (122)
Exochognathus keislognathoides: new genus and species, conodont (97)
Fish: elasmobranch, Permian, Canada (89); Eocene, Wyoming (75); Triassic, eastern and western United States (114)
Fistulipora: nomenclatural diversity, bryozoa (53)

XUM

Foraminifera: *Bolivinoides*, Cretaceous, Libya (4); Paleocene, New Jersey (91); planktonic, Paleocene, Alabama (92); planktonic, Paleocene, India (111); selection of test material by *Reophax curtus* (119); *Tuberitina*, Pennsylvanian, Nevada and Utah (101)
Founders: SEPM (109)
Fusulinids: bibliography (112); Pennsylvanian, Wyoming (134); Permian, British Columbia (106)
Gastropods: Late Wisconsin, Randall County, Texas (117)
Glypterina: new genus, brachiopod (11)
Gondwana: brachiopods, Paleozoic (136)
Graptolites: electron microscopy, Ordovician (6); Ordovician, Michigan (7); tectonic distortion of syntype of *Isograptus forcipiformis latus* (26); use of acetate peels (17)
Guatemala: brachiopods, Permian (125)
Hadrosaurs: bipedal dinosaurs, posture (43)
Hallopora: validity of name, bryozoa (118), (108)
Haplistion apletum: new species, rhizomorine sponge, Morrowan Wapanucka Limestone, Oklahoma (103)
Hemichordata: relation to echinoderms and chordates (33)
Hercosestria notialis: new species, brachiopod (125)
Hexagonaria smithi crassa: new subspecies, coral (96)
Hexagonaria smithi smithi: new species, new subspecies, coral (96)
History: SEPM (109)
Horse: Pleistocene, Texas (76); Pleistocene, Nebraska (55)
Hypsidoris farsonensis: new genus and species, catfish (75)
Icriodella discreta: new species, conodont (97)
Idiomesus infimus: new species, trilobite (73)
Illinois: bryozoa, Ordovician (27); coral, Devonian (40); edrioasteroid, Pennsylvanian (39); pelycosaur, Pennsylvanian (30)
India: planktonic Foraminifera, Paleocene (111)
Iowa: Ordovician graptolites, electron microscopy (6); scaphopod, Ordovician (13)
Isograptus forcipiformis latus Rudemann: tectonic distortion of syntype (26)
Israel: ostracodes, Triassic (120)
Japan: bryozoa, Paleozoic (110)
Japanithyris: synonym of *Campages*, brachiopod (25)
Jurassic: ammonites, Antarctica (98); new genus, dinosaur (140)
Kallimorphocrinus inaquosus: new species, crinoid (138)
Kallimorphocrinus inumectus: new species, crinoid (138)
Kansas: kangaroo rat, Pliocene (145)
Keithiella scapane: new species, trilobite (73)
Kentucky: brachiopods, Silurian (44); bryozoa, Mississippian (23); plant fossils, Mississippian (14)
Labidosaurikos braincase: reptile, Permian (80)
Lanceomyonia brevicostata: new species, brachiopod (67)
Lebensspuren: Recent, North Carolina (42)
Laevigatosporites dunkardensis: new name, plant (22)
Libya: *Bolivinoides*, Cretaceous (4)
Malongullia oepiki: new genus and species, trilobite (137)
Mammals: Eocene, Wyoming (141)
Marine invertebrates: species diversity, past and present (132)
Mattaspongia apaches: new genus, new species, sponge (102)
Mattaspongiidae: new family, sponge (102)
Mesozoic: ammonite literature (49)
Metacoceras mcchesneyi: new species, nautiloid (86)
Metaperimestocrinus squarrosus: new species, crinoid (138)
Metaperimestocrinus verrucosus: new species, crinoid (138)
Mexico: ammonoids, Permian (123)
Michigan: conodonts, Silurian (97); graptolites, Ordovician (7)
Microcyclus discus: development, rugose coral (40)
Micro-organisms: techniques for investigations (38)
Milosaurus mccordi: new species, reptile (30)
Mississippi: new pectinid bivalve species from Oligocene (45)
Mississippian: bryozoa, Kentucky (23); plant fossils, Kentucky (14)
Missouri: chitinozoans, Devonian (131); conodonts, Pennsylvanian (130); coral, Devonian (40)
Monotrypella boonvillensis: new species, bryozoa (107)
Multivariate analysis: use in evolution and geographic variation (122)
Nautilus shells: Bay of Bengal (128)
Nebraska: bryozoa, Pennsylvanian (57); horses, Pleistocene (55)
Nematode trails; Eocene, Utah (85)
Neochonetes granulifer (Owen): evolution and geographic variation (122)
Neognathodus: new genus, conodont (31)
Nevada: brachiopods, Devonian (59); brachiopods, Silurian (60); *Tuberitina*, Pennsylvanian (101)
Newfoundland: Ordovician algae in Silurian deposits (52)
New Jersey: fish fauna, Triassic (114); foraminiferal biostratigraphy, Paleocene (91)
New South Wales: biostratigraphy, Devonian (95); brachiopods, Devonian (113)
New York: bryozoa, Ordovician (107); carbonate fossil communities, Ordovician and Devonian (135)
Nannoplankton: calcareous, index and bibliography (70)
North Carolina: anemone burrows, Recent (41); lebensspuren, Recent (42); new fern-like plant, Triassic (51)
Nowakia parabarrandei: new species, tentaculid (18)
Oklahoma: Paleozoic sponges (103)

Oligocene: "*Eumys*" *exiguus*, cricetid (29); new pectinid bivalve species (45)
Ogilviella prolifica: new species, brachiopod (113)
Ohio: brachiopods, Silurian (44); nautiloid cephalopods, Conemaugh (86)
Oncolites: on snails (139)
Ontario: conodonts, Silurian (97); Edrioblastoidea, Ordovician (82); sponge, Ordovician (104)
Ophiocrossota baconi: new species, ophiuroid (10)
Ophiuroid: Eocene, Oregon (10)
Ordovician: brachiopods, Wyoming (81); bryozoa (62); bryozoa, Illinois (27); bryozoa, New York (107); carbonate fossil communities, New York (135); Edrioblastoidea, Ontario (82); graptolites, electron microscopy (6); graptolites, Michigan (7); ptychopleurellid, brachiopod (12); scaphopod, Iowa (13); sponge, Ontario (104); trilobites, Australia (137)
Oregon: ophiuroid, Eocene (10)
Orthograptus quadrimucronatus: electron microscopy (6)
Ostracod: *Cytheridella ometepensis*, generic reassignment from *Metacypris* (127); subfamily Schizocytherinae (50); Triassic, Israel (120)
Oxygen consumption: animal extinctions, atmospheric history (77)
Ozarkodina spatula: new species, conodont (31)
Pacific Ocean: brachiopods (25)
Paijenborchella miurensis: new species, ostracod (50)
Paijenborchella spinosa: new species, ostracod (50)
Paijenborchella triangularis: new species, ostracod (50)
Pagiophyllum simpsoni: new species, conifer (2)
Palaeosiren beinerti: inorganic structure, supposed amphibian, Permian (34)
Paleobotany: staining silicified wood (5)
Paleocene: California, Goler formation, new mammalian genus (142); foraminiferal biostratigraphy, New Jersey (91); planktonic Foraminifera, India (111); planktonic foraminifers, Alabama (92)
Paleoclimate: Pliocene, California (124)
Paleoecology: brachiopods, Gondwana (136); bryozoa, Ordovician (107); carbonate fossil communities, Ordovician and Devonian, New York (135); Ordovician, scaphopods, Iowa (13); Pennsylvanian, Nevada and Utah (101); techniques, Pliocene, California (124)
Paleoenvironments: faunal and geochemical analysis (124); Pliocene, California (124)
Paleosalinity: oxygen isotope determination, Pliocene, California (124)
Paleozoic: brachiopods, Gondwana (136); bryozoa, Japan and Thai-Malayan Districts (110)
Paleozoogeography: Paleocene, New Jersey (91)
Paradelocrinus nederi: new species, crinoid (138)
Pekinopteris auriculata: new genus and new species, fern-like plant (51)
Pelecypod: Canada, late Paleozoic (71)
Pelicaspongia sterea: new genus, new species, sponge (102)
Pelicaspongiidae: new family, sponge (102)
Pennsylvania: new trilobite, Devonian (19); nautiloid cephalopods, Conemaugh (86)
Pennsylvanian: ammonoid, Texas (88); bryozoa, Nebraska (57); conodonts, Missouri (130); edrioasteroid, Illinois (39); fusulinids, Wyoming (134); nautiloid cephalopods, Ohio and Pennsylvania (86); pelycosaur, Illinois (30); *Tuberitina*, Nevada and Utah (101)
Pentremites aridus: new species, blastoid (138)
Perimestocrinus quintorus: new species, crinoid (138)
Permian: ammonoids, Canada (87); ammonoids, Mexico (123); brachiopod, Australia (21); brachiopods, Guatemala (125); cephalopods and fusulinids, British Columbia (106); fish, Canada (89); *Labidosaurikos* braincase, reptile (80); sponge, Canada (104); starfish, South West Africa (65); trilobite, Wyoming and Texas (16)
Peru: Ammonitina, Cretaceous (100)
Petasmatherus opulus: type species of genus (24)
Phacellophyllum furcosum: new species, coral (96)
Phacellophyllum furcosum var. *maius:* new variety, coral (96)
Phacellopegma schizoderma Finks: anthaspidellid lithistid sponge, from Morrowan Wapanuka Limestone, Oklahoma (103)
Phenacodontidae: Mammalia, Paleocene, California, distribution (142)
Phillipsastrea currani iaspiculensis: new subspecies, coral (96)
Photography: use of Nomarski system on siliceous microskeletons (68)
Phylogeny: platform group of conodonts (31)
Plants: Mississippian, Kentucky (14)
Pleistocene: *Bison occidentalis* and associated invertebrates, Texas (117); horse, Texas (76); horses, Nebraska (55)
Pliocene: kangaroo rat, Kansas (145)
Plummericrinus retorridus: new species, crinoid (138)
Polygnathus dubius: selection of neotype (56)
Poteriocrinites cavus: new species, crinoid (138)
Precambrian: micro-organisms, electron microscopy, Australia (115)
Prodipodomys griggsorum: new species, kangaroo rat (145)
Prosaukia remora: new species, trilobite (73)
Pseudostictoporella typicalis: new genus and species, bryozoa (107)
Pseudostrophalosia: new genus, brachiopod (21)
Ptychaspidinae: new subfamily, trilobites (73)
Pyrrhophyta: index to genera, subgenera, and sections (69)
Rat: Pliocene, Kansas (145)
Recent: anemone burrows, North Carolina (41)

XUM

Reophax curtus: selection of test material (119)
Reptile: *Labidosaurikos* braincase, Permian (80); pelycosaur, Pennsylvanian (30)
Reticulatrypa fairhillensis: new genus and species, brachiopod (113)
Rhombopora lepidodendroides Meek: redescription, bryozoa (57)
Road River Formation: correlation, Silurian, Canada (67)
Rugatia andersoni: new species, brachiopod (125)
Saukiella serotina: new species, trilobite (73)
Scaphopod: Ordovician, Iowa (13)
Schizocythere okhotskensis: new species, ostracod (50)
Sciadiocrinus brewi: new species, crinoid (138)
Scytalocrinus reconditus: new species, crinoid (138)
Semicyclus brabbi: new genus, new species, tentaculid (18)
SEPM: Founders, history (109)
Silurian: brachiopods, Canada (67); brachiopod, *Clintonella* redescribed (11) brachiopods, Ohio and Kentucky (44); brachiopods, Nevada (60); chitinozoan, China (28); conodonts (97); with Ordovician algae, Newfoundland (52); redescription of *Syringaxon siluriense* (McCoy) (126)
Snails: oncolites, development (139)
Spathognathodus comptus: new species, conodont (97)
Spathognathodus elibatus: new species, conodont (97)
Spathognathodus hassi: new species, conodont (97)
Spathognathodus manitoulinensis: new species, conodont (97)
Species diversity levels: marine invertebrates, past and present (132)
Spinatrypa (Invertrypa) talis: new species, brachiopod (59)
Spinatrypina recula: new species, brachiopod (59)
Spirolegoceratinae: new subfamily, ammonoids (87)
Sponges: *Arakespongia mega*, new hexactinellid (103); *Dictyospongia* sp. from middle Atoka Formation, Oklahoma (103); hexactinellid, Devonian, Alberta (102); *Haplistion apleton*, new species, Morrowan Wapanuka, Oklahoma (103); Ordovician, Ontario (104); Permian, Canada (105); *Phacellopegma schizoderma* Finks, Oklahoma (103)
Starfish: Permian, South West Africa (65)
Stenopecrinus pedersenorum: new species, crinoid (138)
Stepanoviella: brachiopod, Gondwanan occurrence (136)
Stepanoviella flexuosa: new species, brachiopod (136)
Stictoporellina baltea: new species, bryozoa (62)
St. Louis Formation: plant fossils, Kentucky (14)
Stratigraphy: Frasnian-Famennian Boundary (78); Givetian-Frasnian Boundary (78); Silurian-Devonian Boundary (78)
Stromatoporoid: Devonian, Alberta (9); Devonian, Canada (36)
Sulcorphyllum pavimentum: new species, coral (96)
Sverdrupites amundseni: new genus, new species, ammonoid (87)
Synarmocrinus carrizoensis: new species, crinoid (138)
Synartinskia belcheri: new species, ammonoid (87)
Syringaxon siluriense (McCoy): redescription (126)
Tabellaephyllum Stumm: *Utaratuia laevigata* as junior synonym (58)
Techniques: new stage for orienting microfossils (3); paleoecology, Pliocene, California (124); specimen collecting sieve (47); staining silicified wood (5)
Technology: acetate peels in graptolite studies (17)
Teichertina americana: new species, brachiopod (59)
Tensleep Sandstone: fusulinids, Wyoming (134)
Tentaculids: Devonian, Alaska (18)
Tetraclaenodon puercensis: Mammalia, Phenacodontidae, Paleocene of California (142)
Tetracorals: Devonian, New South Wales (96)
Texarina oblongata: new generic name for *Texasia oblongata*, brachiopod (24)
Texas: ammonoid, Pennsylvanian (88); *Bison occidentalis* skull and associated invertebrates (117); fish fauna, Triassic (114); horse, Pleistocene (76); trilobites, Cambrian (73); trilobite, Permian (16)
Thai-Malayan Districts: bryozoa, Paleozoic (110)
Triassic: conodonts (84); fish fauna, eastern and western United States (114); new conifer, Arizona (2); new fern-like plant, North Carolina (51); ostracodes, Israel (120)
Trilobites: Cambrian, Texas (73); Ordovician, Australia (137); Permian, Texas and Wyoming (16); zonation, Cambrian, Texas (73)
Trupetostroma ernodes: new species, stromatoporoid (36)
Trupetostroma keratodendroides: new species, stromatoporoid (36)
Uniconus orbiculus: new species, tentaculid (18)
Utah: fish fauna, Triassic (114); nematode trails, Eocene (85); *Tuberitina*, Pennsylvanian (101)
